

ARGOS - Engine Maintenance Log 2019-2026

Public buyer file - simplified English summary of engine maintenance references.

English buyer version. This public document is an English summary/adaptation for international buyers. The French source documents and signed sale documents remain authoritative.

Engine Reference

Engine	Cummins B3.9
Power reference	approx. 80 hp
Fuel consumption reference	approx. 2.5 L/h
Maintenance doctrine	Annual oil service to be planned every year, then adjusted according to hours and calendar deadlines.

Recent Maintenance Reading

- Complete engine service documented in the recent maintenance file.
 - Alternator replacement documented in the 2023 maintenance history.
 - Oil, filters and routine engine checks are presented as the recurring annual basis.
 - The engine maintenance budget in the public file uses a reference provision around 600 EUR/year.
- Serious buyers can request the detailed French maintenance history, main invoices and technical documentation after initial contact.

Local sources: engine maintenance log, invoices and annual budget document.
