

ARGOS - History, Collection & Mind Your Sperm

Public buyer file - boat history, cultural project and market positioning.

English buyer version. This public document is an English summary/adaptation for international buyers. The French source documents and signed sale documents remain authoritative.

Boat And Design Context

ARGOS is a Vulcain Bleu steel boat, built in 1989, with the volume and living potential that make this model attractive to buyers looking for an atypical habitable vessel.

Mind Your Sperm Story

ARGOS is also linked to the Mind Your Sperm project, which gives the boat a distinctive cultural story and documented European life beyond a standard classified listing.

Market Positioning

The public price is 124,000 EUR. A comparable Vulcain Bleu has been presented around 145,000 EUR. The difference of about 21,000 EUR should be read alongside the 2029 major maintenance envelope, estimated around 15,000 to 20,000 EUR maximum.

Buyer Reading

The value is not only in the hull. The buyer also receives a documented liveaboard base, equipment, autonomy, improvements and a rare story. Administrative sale documents remain outside the public website.
