

ARGOS - Logbook

Public buyer file - narrative navigation history and European route context.

English buyer version. This public document is an English summary/adaptation for international buyers. The French source documents and signed sale documents remain authoritative.

Navigation Story

ARGOS has a European navigation history connected to inland waterways, liveaboard use and the Mind Your Sperm project. The logbook is presented as a narrative and contextual document, not as a legal certificate of navigation.

Route Context

The documented story includes passages and stages around Martigues, Lyon, Dijon, Strasbourg, Berlin, Antwerp, Liege and northern France, before the current base at Port de l'Abbaye in Hautmont.

Buyer Interest

- Shows that ARGOS is not only a static liveaboard but a boat with travelled history.
- Helps buyers understand the scale, autonomy and use profile of the vessel.
- Complements technical, maintenance and budget documents without replacing them.

Local sources: public logbook PDF, project history and site text.
